

Keep Coppel Beautiful

816 S. Coppel Road  
Coppel, TX 75019

7/8/2022

To whom it may concern,

On behalf of Keep Coppel Beautiful (KCB), it is my pleasure to be writing in support of Operation Earth, a program developed by Operation Serve DFW. As the coordinator of several sustainability centered programs in Coppel, it has been extremely impactful to work with the Operation Earth's passionate members and see their influence in Coppel. Operation Earth provides an opportunity for their members and youth in Coppel to act on their commitments to our planet.

Operation Earth has worked tirelessly to serve their community through beautification, litter abatement projects, outreach, and community building. They are committed to developing partnerships within Coppel, and in addition to working with KCB, they have also partnered with other environmental groups around town such as, the Sierra Club. At KCB's annual Earth Day event, Operation Earth inspired our hundreds of attendees by sharing their mission and drive with our community. I am thrilled to witness such passionate and focused students dedicate their free time to identify, organize and facilitate opportunities to give back to our community.

I have appreciated Operation Earth's dedication and commitment throughout our shared programs. I am greatly looking forward to our continued partnership and witnessing their impact in our community.

Thank you,
